

Sam Cappelle

Web Developer

Profile

Belgian living in Chile. Reinventing himself as a developer.

Check out my progress at github.com/pudu87.

Work History

Tool Designer at Nexans – Euromold Division, Erembodegem, Belgium

november 2015 – september 2018

I worked as a designer of molds and other industrial tools for the production of high and medium voltage electrical connections. I was in contact with suppliers for quotations and project management, besides doing the technical and administrative follow-up of other ongoing projects.

Other

2011 - 2014

Different temporal jobs, varying from arborist to waiter.

Education

Bachelor in Bio-engineering Sciences, land and forest management, Gent University, Ghent, Belgium

september 2004 – september 2008

Master in Bio-engineering Sciences, water management, Gent University, Ghent, Belgium

september 2007 – september 2011

Did not complete this program.

Industrial Designer, VDAB training center, Wondelgem, Ghent

october 2014 – october 2015

Web Designer, autodidact through The Odin Project

november 2019 – ongoing

Courses

Español, Tandem Santiago

october 2018 – november 2018
